Ref.40364-E3/54 dated 6--6--54

Sir,

Sub:- Medical Institutions- Government Hospital, Kollegal employment of additional staff sanction requested.

--

Owing to considerable increase in the volume of professional work turned out in the Government Hospital, Kollegal during 1953 in the out-patient, inpatient and maternity departments the District Medical officer, Coimbatore has submitted necessary proposals for the employment of the following additional staff to cope with the increased work.

Nurse	1
Nursing orderly	1
Toty.	1

Nurse(1)

The present sanctioned strength of the nurses in the Hospital is 2. According to the scale of employment of one nurse for every 8 beds, the hospital with a bed strength of 32 can employ 4 nurses. The District Medical officer has asked for only one additional nurse although there is a case for two more nurses. Hence the proposal of the District Medical officer for the employment of an additional nurse in the hospital is recommended for sanction.

NURSING ORDERLY.

According to the prescribed scale of one Nursing orderly for every 8 beds, the hospital with a bed strength of 32 can have 4 nursing orderlies. As there are only three nursing orderlies employed in the hospital at present and as the services of an additional nursing orderly are absolutely necessary to cope with the increased work in the hospital, I recommend the employment of an additional nursing orderly in the hospital.

TOTY(1)

The number of toties employed in the Hospital at present is 2 The hospital with a bed strength of 32 can have 3 toties the scale of employment being one toty for every 12 beds. As the employment of an additional toty asked for is within the prescribed scale, the same will be sanctioned by me under the powers delegated to me.

The recurring and nonrecurring charges that may be involved in the proposal is furnished in the Annexure.

Yours faithfully,

for Director of Medical Services.
